

# Daniele Tonella

---

Daniele Tonella is Chief Executive Officer at UniCredit Business Integrated Solutions SCpA (UBIS) since January 2017. He was previously the CEO of AXA Technology Services, which he joined in 2013. In this role he was responsible for the overall vision, strategy and operation of AXA's global IT infrastructure, including cloud and developer platforms, thus contributing to AXA's digital transformation. Before joining AXA, Daniele was Global CIO of Evalueserve, a knowledge process outsourcing company headquartered in India. From 2002 to 2010 he held various IT leadership roles at Swiss Life, notably CTO and CIO. He spent the initial part of his professional career as a consultant, initially for Mercer Management Consulting and subsequently for McKinsey. He is currently a member of the Foundation Board of the International Risk Governance Council (IRGC) Daniele Tonella was born in 1971 and is a Swiss citizen. He holds an engineering degree from the Swiss Federal Institute of Technology in Zurich (ETH).
